

APPA informal guidance:

Road recommendations – Hockey World Cup

To facilitate traffic flow toward the temporary overflow parking areas, **rue de Wavre will be temporarily one-way from August 15 to August 30, 2026.**

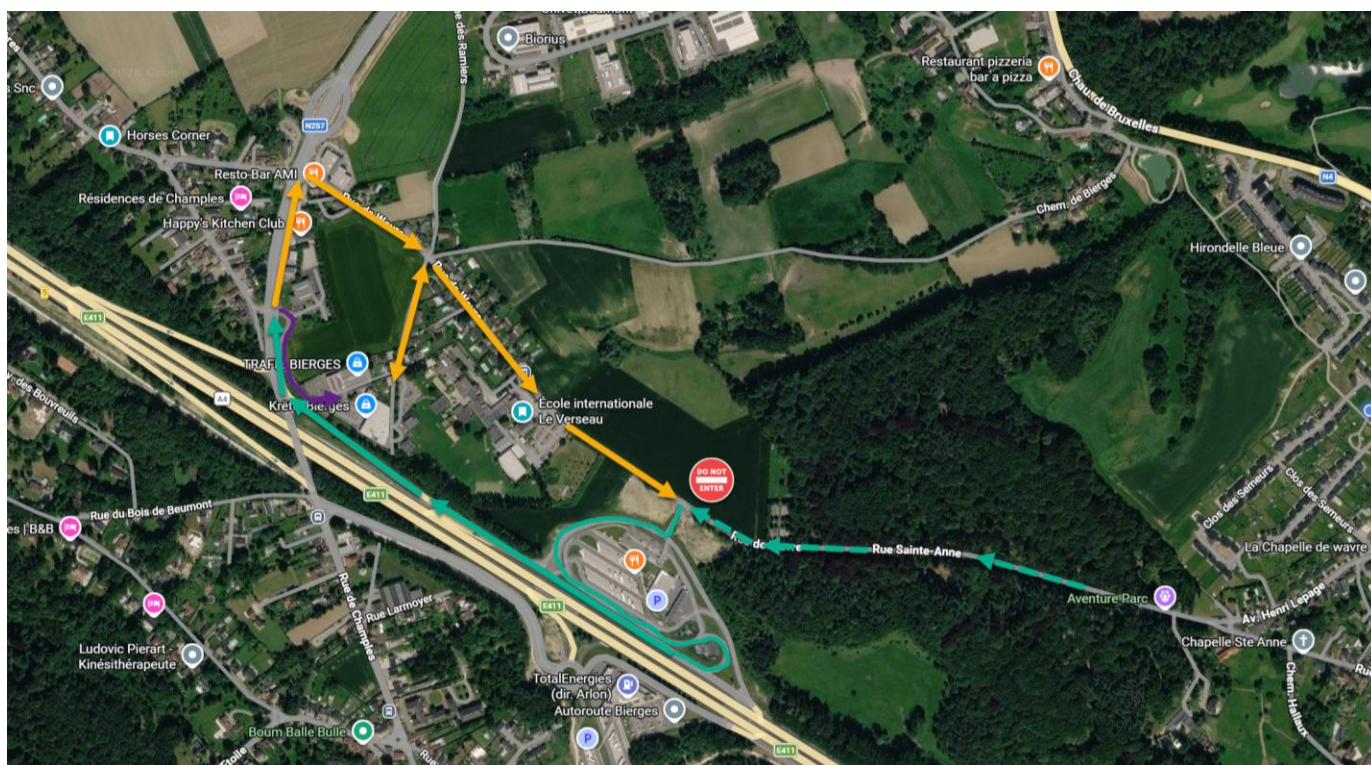

We recommend allowing extra time for your schedule and following the alternative route if you normally arrive via rue Saint-Anne (see page A). You may also consider parking at the Kräfel parking lot, which is more easily accessible (see pages B).

Similarly, when leaving the school, you will need to head toward rue Saint-Anne / the AC Bierges exit (see page C).

At 8 AM, there will be little traffic for the matches, but there is a match at 5 PM that will generate additional traffic at the end of the school day.

Alternative access from rue Saint-Anne

From rue Sainte-Anne, take the AC Bierges exit, then head toward chaussée des Collines.

- At the first traffic light, turn right toward the Kréfel parking lot

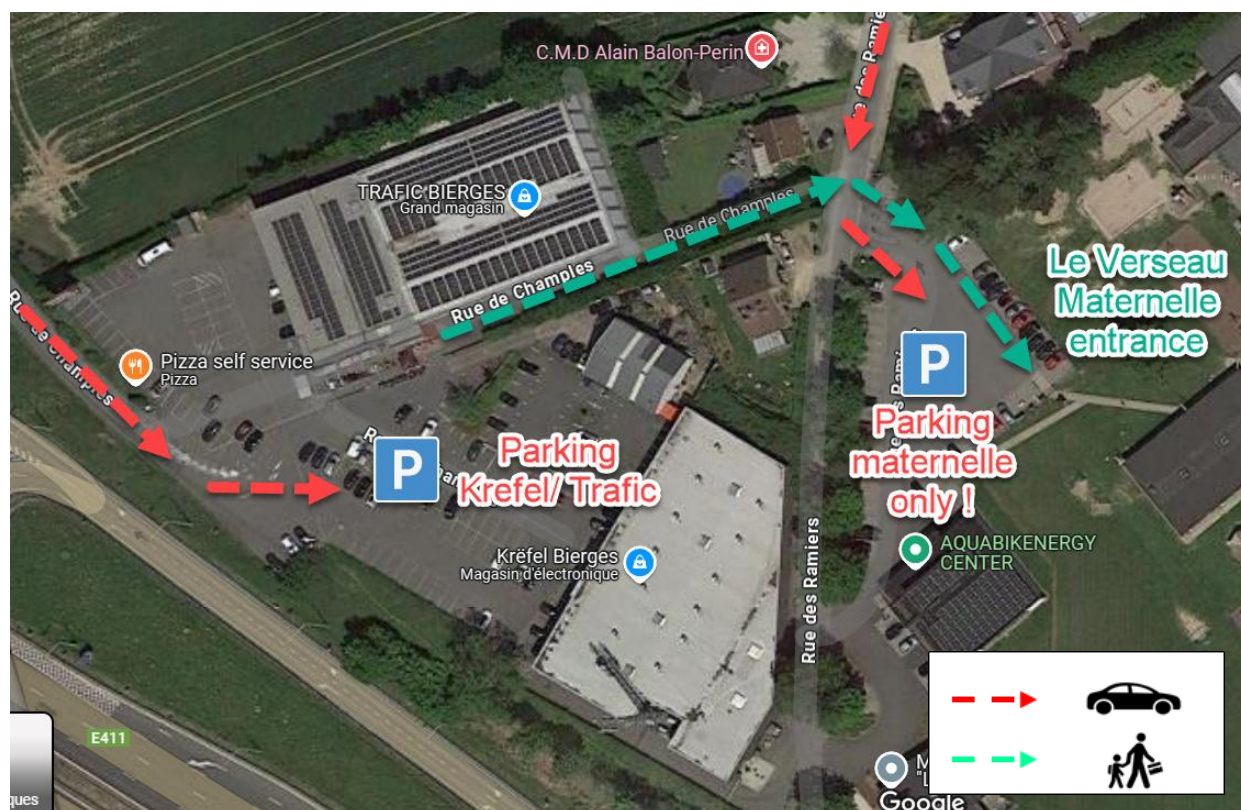

Or

- Turn onto rue de Wavre, and inform the attendant at the temporary parking lot that you want to continue straight to the school.
